ARE

INTEGRATED IN EACH OUTCOME

Parents have the knowledge to educate children sat before they formally enter school.

Long Term Systems
Change Outcome
(6-10 years)

In 6 to 10 years the children of East LA have better opportunities to enter and graduate from college through high quality parents/caregivers, more employment opportunities, and policies that support early education.

Short Term Systems Change Outcome (2-3 years)

**Projects** 

Strategy

Activity Activity

In 2 to 3 years the East LA community wants to advocate for a network of links with agencies, organizations, government authorities, schools, hospitals, parents, and schools to have resource flow and connections in the education system and government. This is important because it involves everyone.
